To Whom It May Concern:

I am writing this letter of recommendation on behalf of Michael Kennedy. Michael was an intern school psychologist here at North Lake Middle School this past fall and winter. He unfortunately was diagnosed with a vision problem in which he is getting medical attention. Therefore he was unable to complete his internship.

I have facilitated several conferences with staff and families in which Michael shared accurate and professional information. I asked Michael to find a physician qualified to test for dyslexia. He located a highly rated optometrist who specializes in reading and vision disorders that was also local. I have found him to be professional in all interactions. Consequently I am recommending him for another internship.

Sincerely,

Dean Width
