To Whom it May Concern:

It is with professional pride I offer this letter of recommendation on behalf of Mr. Michael Kennedy. I have had the pleasure of working with Mr. Kennedy, School Psychologist/Diagnostician while in the positions of principal of the elementary and currently as principal of the middle school. I have found Mr. Kennedy to be both professional and passionate about his work. Mr. Kennedy's number one priority is always to advocate for what is best for all our students.

Mr. Kennedy volunteered this year to also take on the duty of Student Assistant Team (SAT) Coordinator at the middle school. The SAT process has improved markedly under his leadership. The team has identified several students who were in need of Tier II interventions, which have since been put in place.

Mr. Kennedy relates very well with students, parents, and staff. He likes to work as a team, with everyone's opinion valued. It is a great loss to our school system to lose Mr. Kennedy. It will be a tremendous gain to the organization where he goes on to continue his professional career.

Sincerely,

A handwritten signature in blue ink that reads "Joyce Lindauer". The signature is written in a cursive style.

Joyce Lindauer
